PETITION FOR CANCELLATION

Petitioner, Hairbond Ltd., a limited liability company organized and existing under the laws of the United Kingdom, having its principal business address at 83 Penny Street, Lancaster, United Kingdom LA1 1XN, believes it will be damaged by the continued existence of Registration No. 1,217,199 for HAIR BOND registered to Apollo Products. Inc. ("Registrant") and hereby petitions to cancel this registration. As grounds for cancellation, Petitioner, by its attorneys, Ostrolenk Faber LLP, alleges as follows:

1. Registrant is the purported owner of Registration No. 1,217,199 for HAIR BOND which identifies "hair care preparations - namely, shampoo and conditioner", in International Class 3; and "custom fabricating and fitting of artificial or natural hair pieces to the scalp to correct baldness", in International Class 42.

2. Petitioner's Application No. 85/769,151 for HAIRBOND and Design has been refused registration in the Patent and Trademark Office because of Registration No. 1,217,199.

3. On information and belief, Registrant's HAIR BOND mark is no longer used in commerce in connection with any of the goods or services identified in Registration No. 1,217, 199.

4. On information and belief, Registrant has discontinued use of the HAIR BOND mark with intent not to resume use and, by its conduct, has abandoned any and all claims of trademark rights in said mark.

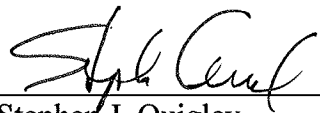

5. Continued registration of Registrant's mark will damage Petitioner in that it will deny Petitioner a federal registration for its HAIRBOND and Design trademark and will adversely affect Petitioner's ability to protect its mark against infringers.

6. By reason of the foregoing, Petitioner has been damaged and will continue to be damaged by the registration of the mark HAIR BOND to Registrant within the meaning of 15 U.S.C. §1064.

WHEREFORE, it is respectfully requested that this cancellation action be sustained and that Registration No. 1,217,199 in both Classes 3 and 42 be canceled.

Dated: August 5, 2013
New York, New York

Respectfully submitted,

Stephen J. Quigley
